

EUROCHAIR2 PRO

2.850

 **Allowed user weight**
130 kg

 **Suitable for passenger transport**
Tested to ISO 7176-19

Adjustable back standard

Wheelbase extension by turning the varioblock backwards

Height-adjustable side panel with depth-adjustable armrest

Detachable, swing-away legrests. Footplates angle-adjustable, incl. single calf strap.

Functional and intelligent

EFFICIENCY

- Durable product through the use of high value materials and a high level of manufacturing quality, little need for repairs
- Optimal adaptation due to very many options (no resupply required)
- Long term assurance of spare parts provision through an area wide dealer structure
- Optimal reinstallment through simple adaptation to the new user

THERAPEUTIC BENEFIT

- Enhances independent mobility through fine tuned adaptation to the user
- Strainless sitting, even for longer periods
- Simple handling of arm- and leg supports
- Good light-running properties with little required propelling strength
- very good tuning to different fields of application, since the same seat height can be set with different wheel sizes

FIELD OF USE

- Fully equipped for permanent application
- Optimal provision of many disabilities due to the high level of adjustment possibilities
- Mostly implemented at home, but also in rehabilitation clinics to achieve therapeutic goals
- Can be used with various forms of propulsion
- HEMI-components

130 kg

Suitable for passenger transport

Tested to ISO 7176-19

Hints

Our Terms and Conditions as stated at www.meyra.de/AGB shall apply

You can find information on the measurement process at www.meyra.de/messverfahren

When transported in public transport (e.g. train), the dimensions of the wheelchair may be higher than the guide values of the transport company. Please inquire in advance.

When using auxiliary drives, the permissible total weight must not be exceeded.

Valid from 01.01.2024 – 31.12.2024.

Errors, misprints and changes reserved.

Use our K.I.S.S.S. for orders and configurations at www.kisss-by-meyra.de

You avoid queries and incorrect orders thanks to the buildability check
